Docket No. 98N-1265

Food and Drug Administration APR 26 AM 1:35

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: After 6 yrs. of prescribed hormone replacement I was still bleeding continuously and hot flashes continued to be a problem. The natural hormones have finally provided relief. I would be extremely unhappy if I were not able to utilize them.
